The Israel Intelligence Heritage & Commemoration Center (IICC) and Israel Defense are proud to present:

THE THIRD INTERNATIONAL CONFERENCE ON INTELLIGENCE

16.05.2018 // The Israel Trade Fairs Center, Tel Aviv

The annual International Intelligence Conference on Challenges and Opportunities in a Changing and Complex Environment will be held at the initiative of the Israel Intelligence Heritage and Commemoration Center (the official association of former IDF Intelligence, Shin Bet, Mossad and other organizations) and Israel Defense.

The conference is attended by senior officials from Israel and around the world, as well as members of the intelligence community, experts, academics, industry leaders and innovative companies in the field.

Topics include:

- >> Overview of the regional and global intelligence with which Israel contends
- >> 70 Years of intelligence - where are we now, and how will we advance?
- >> Challenges and opportunities of intelligence in the modern battlefield
- >> Coping with the threats of terrorism in the global era
- >> Intelligence Innovation: development of technologies in the Big Data Era and changes in the battlefield

A large exhibition will be held alongside the conference, with the participation of the established defense companies and startups, during which advanced weapons systems and technological means will be presented.

The huge exhibition will be held under the theme of 70 Years of Technological and Security Achievements
