

AFIO President's Letter to all members

I want to take the time to remind you about our sponsorship relationship with Starr Wright USA, the nation's leading provider of Federal Employee and Contractor Professional Liability Insurance.

In today's challenging environment, we all know that claims don't need to be justified to disrupt your career, lifestyle, and retirement. For that reason, we've teamed up with industry-leading Starr Wright USA to bring you special value in this critical protection. Starr Wright USA invented Federal Employee Professional Liability Insurance back in 1965. Today they insure more Feds than all of the competitors combined.

As part of this sponsorship, Starr Wright USA offers AFIO members an extra 10% discount. The net is that AFIO members can secure \$1,000,000 of Professional Liability coverage for as little as \$11 per pay period even before reimbursement. Further, Congress requires agencies to reimburse qualified employees up to 50% of Starr Wright Professional Liability premiums. I encourage you to take a look at the additional information either through the online link or toll-free telephone number below.
