AFIO's Guide to the Study of Intelligence. Editor: Peter C. Oleson. Foreword by Dr. Robert M. Gates, Former Secretary of Defense and Director of Central Intelligence.

As an educational service to professors and students, AFIO provides the full 788-page Guide online here for free. Perfect for professors, students, those considering careers in intelligence, and current/former officers seeking to see what changes are taking place across a wide spectrum of intelligence disciplines. Made possible through the generosity of our foundation, corporate, and institutional members, coupled with the donations from many individual members. We thank all of them. Online version of the Guide is here: https://www.afio.com/publications/Guide/index.html?page=1.
